Description : Description du produitWhen a bloody, pulverized body is found lying beneath the rustic timbers of an authentic torture device so vicious and complicated as to be blood-curdling, there's sufficient unrest in tiny Forbes Abbot to call in Chief Inspector Barnaby. Was Dennis Brinkley done in by crooked business partners, a teenage seductress, a couple of would-be publishers who've just inherited--and then lost--millions, or perhaps by tired, timid little Benny Fraye, who wouldn't hurt a fly--would she? Barnaby will soon find out just who set in motion the gruesome machine that crushed the unfortunate victim. Caroline Graham's delightful cozy village mysteries, which inspired the continuing Midsommer Murders series

starring Inspector Barnaby on AE Television, have long been fan-favorites; *A Ghost in the Machine* is sure to cement her reputation as one of the best crime writers in the mystery business today.

When a bloody, pulverized body is found lying beneath the rustic timbers of an authentic torture device so vicious and complicated as to be blood-curdling, there's sufficient unrest in tiny Forbes Abbot to call in Chief Inspector Barnaby. Was Dennis Brinkley done in by crooked business partners, a teenage seductress, a couple of would-be publishers who've just inherited--and then lost--millions, or perhaps by tired, timid little Benny Fraye, who wouldn't hurt a fly--would she? Barnaby will soon find out just who set in motion the gruesome machine that crushed the unfortunate victim. Caroline Graham's delightful cozy village mysteries, which inspired the continuing *Midsommer Murders* series starring Inspector Barnaby on AE Television, have long been fan-favorites; *A Ghost in the Machine* is sure to cement her reputation as one of the best crime writers in the mystery business today. From Publishers Weekly With its focus on a dozen or so richly diverting characters, British author Graham's well-plotted ninth novel featuring Chief Inspector Tom Barnaby (*The Killings at Badger's Drift*, etc.) has more in common with Dickens than with Conan Doyle. After old Carey Lawson's natural death, her nephew Mallory Lawson, whose idealism has trapped him in a teaching job he can't tolerate; his wife, Kate, who nurses a dream of publishing good books; and their willful, spoiled daughter Polly share in a legacy that will transform their lives. Carey's amiable, competent financial consultant and executor, Dennis Brinkley, collects huge and ancient weapons of war. The indecisive, diffident manner of the late woman's companion, Benny Frayle, hides a steely core of determination. Other striking characters include a medium who's a frustrated actress and her strange, abused daughter; a fortune hunter whose rich wife turns out to be no bargain; and a childless woman who finds an unusual answer for her longings. The first unnatural death occurs well into the book and doesn't become a murder investigation till halfway through. Those impatient with the initial lack of action will be well rewarded when the redoubtable Barnaby finally starts to sort things out. FYI: This series inspired the *Midsommer Murders* series starring Inspector Barnaby on AE Television. Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. Booklist * Starred * If Agatha Christie, Stephen King, and Maeve Binchy decided to collaborate, this might be the book they would write--a sort of police procedural, murder mystery, horror story, and English-village melodrama all in a single cover. It's an engaging, beguiling, surprising story with wonderfully drawn characters, laugh-aloud humor, sinister twists, and a splendidly multifaceted plot. Mallory Lawson has little hope of escaping his miserable teaching job at a London public school. Then his aunt Carey dies, leaving him a generous inheritance along with her lovely house in quaint Forbes Abbot. Mallory is delighted--he can finally flee his teaching job, and his wife, Kate, can fulfill her dream of starting her own publishing house. Life will be sweet, right? Wrong. The Lawsons haven't even settled into their new home when Aunt Carey's financial advisor is brutally murdered, and shortly afterward, a local medium dies in mysterious circumstances. Enter caustic police inspector Barnaby, who has experienced plenty of strange cases in his career but none so strange as this one. Before the case is solved, readers have been introduced not only to the victims, the heroes, and the bad guys but also to an entire village full of delightfully eccentric characters whose stories are nearly as enthralling as the murder itself. No surprise that Graham's Inspector Barnaby series has been made into a TV series in the UK. Emily Melton Copyright American Library Association. All rights reserved
