## Description :

Présentation de l'auteur Terry Pratchett in his own words With a foreword by Neil Gaiman Terry Pratchett earned a place in the hearts of readers the world over with his bestselling Discworld series but in recent years he became equally well-known as an outspoken campaigner for causes including Alzheimers research and animal rights. A Slip of the Keyboard brings together the best of Pratchetts non fiction writing on his life, on his work, and on the weirdness of the world: from Granny Pratchett to Gandalfs love life; from banana daiquiris to books that inspired him; from getting started as a writer to the injustices that he fought to end. With his trademark humour, humanity and unforgettable way with words, this collection offers an insight behind the scenes of Discworld into a much loved and much missed figure man and boy, bibliophile and

computer geek, champion of hats, orang-utans and the right to a good death. Revue de presse "Seriously funny about the weirdness of the world and humorously serious about the NHS, assisted dying and his urgent personal campaign for more research into Alzheimers disease" (Times) "A wonderful collection...[Pratchett] emerges as, yes, likeable but also complex and angry" (Independent) "His life and legacy will always be cause for celebration" (Guardian) "Bright, funny, insightful, warm...a man who truly knew how to enjoy life...and books" (George R.R. Martin) "Wise and funny...my unlikely hero" (A.S. Byatt) Presentation de l'auteur Terry Pratchett in his own words With a foreword by Neil Gaiman Terry Pratchett earned a place in the hearts of readers the world over with his bestselling Discworld series but in recent years he became equally well-known as an outspoken campaigner for causes including Alzheimers research and animal rights.
