## Description :

Prsentation de l'diteurOrdinary Angels - A Paranormal Urban Fantasy:Most of Zo's friends are dead, but she doesn't mind because they died long before she met them. Then one Tuesday night an angel takes her salsa dancing and turns her world upside down. Grim reality closes in when she discovers a body in her company's boiler room and Higher Angels accuse her best ghost friend of murder. Knowing she's the only one who can stand against them, Zo resorts to lying, stealing and summoning, all while trying to determine if what she's feeling is real. In the end, getting blood on her hands forces Zo to question herself, and her angel to question her. **REVIEWS:**It was nigh on impossible to put down. For Books SakeI just finished reading

Ordinary Angels by India Drummond and I loved it. The Bookish Snob Although ghosts and angels have been done before, Drummond finds a way to keep things fresh and bring something new to the table. That Bookish Girl "This book is a solid beginning to a new series with multi-dimensional characters Booking It This was a very well written debut novel by India Drummond and it was a pure delight to read. A Muggles Magical Book Blog Presentation de l'auteur Ordinary Angels - A Paranormal Urban Fantasy: Most of Zo's friends are dead, but she doesn't mind because they died long before she met them. In the end, getting blood on her hands forces Zo to question herself, and her angel to question her. REVIEWS: It was nigh on impossible to put down. For Books Sake I just finished reading Ordinary Angels by India Drummond and I loved it. The Bookish Snob Although ghosts and angels have been done before, Drummond finds a way to keep things fresh and bring something new to the table. That Bookish Girl "This book is a solid beginning to a new series with multi-dimensional characters Booking It This was a very well written debut novel by India Drummond and it was a pure delight to read. A Muggles Magical Book Blog Biographie de l'auteur India knew from age nine that writing would be her passion. Since then she's discovered many more, but none quite so fulfilling as creating a world, a character, or a moment and watching them evolve into something complex and compelling. She has lived in three countries and four American states, is a dual British and American citizen, and currently lives at the base of the Scottish Highlands in a village so small its main attraction is a red phone box. In other words: paradise. The supernatural and paranormal have always fascinated India. In addition to being an avid sci-fi and fantasy reader, she also enjoys mysteries, thrillers, and romance. This probably explains why her novels have elements of adventure, ghosts (or elves, fairies, angels, aliens, and whatever else she can dream up), and spicy love stories.
